

## "Archery - Tension to the Shot"

**Region:** Frankfurt, Rheingau, Kloster Eberbach, überregional

**Participants:** 10 — 150 | **Duration:** 1 - 2,5 h | **Price:** from 45 € pp plus 19% VAT

Have you always wanted to feel the fascinating power of a bow?

Knowledgeable, precise and yet easy to understand, the participants are introduced to the handling of bows and arrows as well as to the intellectual attitude of archery, and then quickly move on to practice.

After proper instruction, you can familiarize yourself with the bows and choose the right bow during the shooting-in exercises.

After that it we start our team competition. Whether in the middle of the target or on a balloon, it is important to shoot the arrows accurately. And that requires skill, practice and a bit of luck. Depending on the configuration, it is played in teams of 2 or 3, whereby the team composition in the game can change.

The archery can be carried out as a standalone team event or integrated as an element in another program.
